

# Quality inclusive education

at the **heart** of the SDGs 

## GOAL 1 No Poverty

Quality inclusive education helps break the vicious circle of poverty and disability

## GOAL 2 Zero hunger

Quality inclusive education ensures that learners with disabilities can access school feeding programmes

## GOAL 3 Health

Quality inclusive education helps tackle discrimination against learners with disabilities, enabling them to socialise with their peers, promote their wellbeing and make informed choices about healthcare

## GOAL 4 Education

Quality inclusive education ensures equitable quality education and promotes lifelong learning opportunities for learners with disabilities

## GOAL 5 Gender equality

Quality inclusive education helps achieve gender equality and empowers girls with disabilities, who often face double discrimination

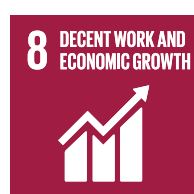

## GOAL 6 Clean water and sanitation

Quality inclusive education means that learners with disabilities can learn about and have access to better water, hygiene, and sanitation practices

## GOAL 7 Energy for all

Quality inclusive education means that learners with disabilities can learn and make informed choices about energy conservation and renewable energy sources

## GOAL 8 Decent work

Quality inclusive education fosters self esteem, skills in entrepreneurship and innovation while promoting full and productive employment opportunities

## GOAL 9 Industry, innovation and infrastructure

Quality inclusive education develops the skills required to build more resilient, sustainable and accessible infrastructures

## GOAL 10 Reduced inequalities

Quality inclusive education makes a difference to social and economic inequality when learners have equal access to schools with the right support

## GOAL 11 Sustainable cities and communities

Quality inclusive education helps learners with disabilities to ensure cities are more accessible, inclusive and safe

## GOAL 12 Responsible consumption and production

Quality inclusive education helps ensure learners with disabilities understand sustainable solutions and consumption

## GOAL 13 Climate action

Quality inclusive education allows learners with disabilities to be included in local discussions and act on the impact of climate change

## GOAL 14 Life below water

Quality inclusive education helps ensure learners with disabilities understand how to conserve and sustainably use the oceans

## GOAL 15 Life on land

Quality inclusive education increases learners with disabilities' knowledge about skills for sustainable livelihoods and independent living

## GOAL 16 Peace, justice and strong institutions

Quality inclusive education is vital to ensure inclusive and fair societies, as well as to reduce stigma, stereotyping and discrimination

## GOAL 17 Partnerships for the goals

Quality inclusive education is successful with strong partnerships between governments, ministries and civil society including parents and Disabled People's Organisations
