## Training of Facilitators on Engaging Community Volunteers in Case Management

Do you ever wonder if there is a better way of working with community volunteers in your child protection programs?

Do the expectations placed on community volunteers within your case management programming concern you?

Are you motivated to find new ways of working alongside community volunteers, rather than from a top-down approach?

If you answered “yes” to these questions, we would like to invite you to this learning opportunity!

### BACKGROUND:

The Alliance for Child Protection in Humanitarian Action is offering a training opportunity on the inter-agency Community Volunteer in Child Protection Case Management Toolkit and Training Manual. With funding from USAID’s Bureau for Humanitarian Assistance, this program will develop a cohort of facilitators equipped to use the Community Volunteer toolkit and training manual. Our hope is that through the training, you will be equipped to promote the ethical engagement of volunteers supporting case management in your organization and humanitarian response.

#### Participants should have:

- At least 5 years’ experience in child protection case management in humanitarian contexts
- Familiarity with community-level approaches to child protection

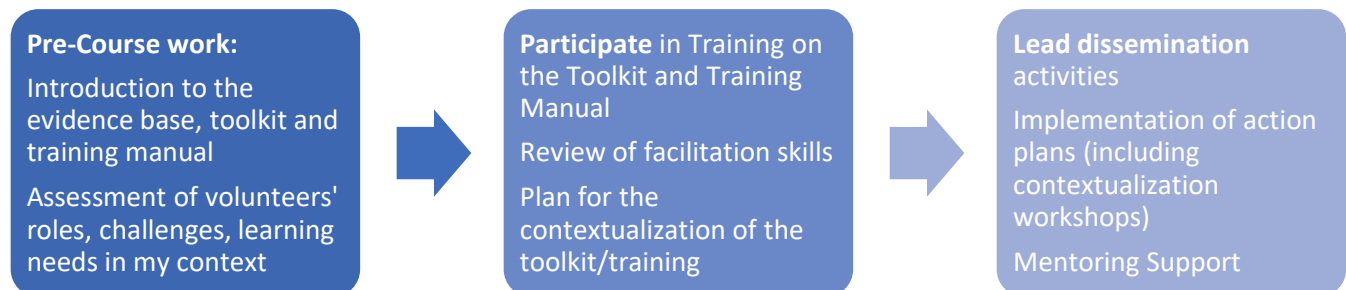

- Experience in contextualizing learning materials
- Capacity strengthening skills, with a knowledge of participatory, creative learning activities a plus
- Ability to disseminate the training and toolkit within 5 months of participating in the TOT
- Strong understanding of English is a plus

Since previous trainings on this topic have been held for participants from West and Central Africa and East and Southern Africa, we strongly encourage interested participants from the following regions to apply:

- Middle East and North Africa
- Southeast Asia
- Central Asia
- Latin America and the Caribbean
- Eastern Europe
