

THE COMMUNITY-LEVEL CHILD PROTECTION ONLINE LEARNING SERIES: Feedback Exercise

Dear Facilitator,

Thank you for leading the Community-Level Child Protection Online Learning Series: **A Companion to the Reflective Field Guide: Community-Level Approaches to Child Protection in Humanitarian Action!**

In this package, you will find the required resources needed to facilitate and guide discussions around each of the four video within the series. Each session will take around 30 minutes and is structured with activities and questions meant to facilitate dialogue on key global community-level child protection resources and their application in your contexts.

To assist you in facilitating the session, resource folders have been created for each module. In each folder you will find:

-
1. PowerPoint slides to guide your presentation
 2. Feedback and evaluation form for each guided session
 3. Sign-in sheet
-

As the facilitator, please be sure to submit evaluation forms and sign-in sheets for each session (these can be sent to: cbcptf@alliancecpha.org)

Thank you for facilitating, we are very excited to hear back from country-level groups! Please contact cbcptf@alliancecpha.org if you have any questions!

Sincerely,

The Community-level Child Protection Task Force
